## **INDEPENDENT PRINTING ENVIRONMENTAL POLICY**

### **OUR BELIEFS**

Independent Printing believes that promoting sustainable actions, and taking proactive measures to protect our environment, are integral to our organizational practices and beliefs. We believe people will make better choices for the environment when given trustworthy information, training and the appropriate tools. We believe our customers, and employees, appreciate having the specifics so as to make more informed choices.

We believe we can make a positive difference through our efforts to this end.

### **OUR ENVIRONMENTAL MISSION**

It is the environmental mission of Independent Printing to promote environmental responsibility via innovative product technologies, resources and education. We will work to maximize results for our customers, while minimizing the impact of our work activities and products on the environment.

### **OUR COMMITMENT**

At Independent Printing, we will conduct our activities in an environmentally-responsible manner and in ways that protect the public, our employees, and the earth we all share.

Independent Printing is:

- \*Committed to following the guiding principles of the Sustainable Green Partnership and maintaining EHS (Environmental Health & Safety) regulatory compliance.
- \*Committed to continually striving to reduce our emissions by continuously exploring new means of recycling, waste reduction, chemical and ink usage and supply sourcing.
- \*Committed to growing both customer and employee awareness, and participation in, environmentally-responsible behavior and choices.
